

# DFRS SRTI ECOSYSTEM AND NAPCORE COOPERATION AGREEMENT

Joost Vantomme

ERTICO CEO

*DFRS General Assembly Chair*

Timo Hoffmann

German Federal Highway Research Institute (BASt)

*NAPCORE Secretary General*

# A UNIQUE DATA SPACE FOR ROAD SAFETY

- Trusted public/private ecosystem
- Safety related Traffic Information exchange
- B2G/G2B data sharing
- Focus ⇨ road safety
- Vehicle manufacturers – suppliers – service providers – road authorities & operators
- Decentralized ecosystem with defined roles
- Based on reciprocity and mutual cooperation

Join us: [www.dataforroadsafety.eu](http://www.dataforroadsafety.eu)

# DFRS LIVE MAP

# NAPCORE

## National Access Point Coordination Organisation for Europe

- ❑ 33 Partners, 37 Implementing Bodies, 3 Associated Partners
- ❑ Covering Member States (Ministries) and National Road Authorities/Operators
- ❑ European Associations / Domain Stakeholders in Advisory Board
- ❑ Co-funded by European Commission (DG MOVE) as Programme Support Action under CEF with an initial runtime: 2021 – 2024
- ❑ NAPCORE creates a Pan-European organizational platform to harmonize National Access Points and National Bodies, work on data standards and process guidelines and recommendations

More information: <https://napcore.eu>

# COOPERATION

- Best practices in terms of availability of data that are relevant for road safety
- Promote safety related data availability via National Access Points
- Lessons learnt, benchmarking
- Joint dissemination & profiling
- Advise and cooperation with European Commission
