

WORKING TOGETHER TO MAKE DRIVING SAFER

“Coming together is the beginning, keeping together is progress and working together is success.” Henry Ford. Safer driving is a shared vision amongst governments & industry.

SAFETY WITHOUT COMPROMISE

Vehicle data has the potential to save lives. By making safety data a priority and sharing across brands and across borders, we can enhance traffic safety for all road users.

A FAIR AND TRUSTED PARTNERSHIP

The Data Task Force is a trusted partnership that enables fair competition. It is based on the principle of reciprocity where safety data is offered in return for safety services.
